Letter: Greetings,

We Want Closer Commutes for 10,000 Drivers in BC within a year. Within a year, shorter commutes could be offered to over 10,000 people in the Vancouver and Victoria metro areas. We want leadership and decisive action on this important matter.

There is a plan afoot that thousands of people could be offered closer commutes through switching work places with someone doing the same job. Signers of this petition support the BC Government expediting implementation of the proven "Closer Commutes" strategy.

There's almost no cost to roll this out, with huge benefits to commuters, their families, employers, the economy and the environment. We can eliminate over 5% of all commuting miles traveled across Metro Vancouver and Greater Victoria - relieving congestion for everyone. Please get this underway quickly.

# Signatures
